FALL/WINTER 023/24

THE FALL/WINTER 2023/24 COLLECTION

# ORIGINAL LUXURY

Original luxury is defined as indulging in moments of self-care, finding solace in beautiful ancient surroundings, before returning to your own dynamic life. It offers both an escape from the stresses of everyday life and a full awareness of your personality and your role in the modern society.

The Winter 23 collection includes calm and soothing hues that are soft neutrals, pastel tones, and natural earthy shades, to hints of blue and red.

The suits collection includes different qualities ranging from 130's to 160's double twisted through our special 140's ( Art. P144 & P123) that combines exceptional quality with the amazing comfort of a natural elasticity process.

Neo classic designs, tartans, macro designs, bold and fancy stripes create a unique variety combining Neapolitan and international taste.
