THE SPRING/SUMMER 2024

MEDITERRANEAN COLLECTION

The Ariston summer 2024 collection embodies elegance and lightness inspired by the breath taking beauty of the Amalfi Coast.

Imagine yourself, aboard a convertible on a warm, sunny day in April riding between the narrow curves from Positano to Vietri. Each turn provides breathtaking views and the air is filled with the scent of lemons, bougainvillea and citrus orchards.

The mesmerizing Amalfi Coast is an exhilarating experience that transcends the ordinary. The sheer beauty of the rugged cliffs, azure water, and charming seaside villages unfolds before you as the warm wind tousles your hair. Our fabrics aim to bring the essence of this beauty directly to your wardrobe.

The sun inspired colours, the blue of the sea, the vibrant greens of the coastal plants and the pink of the sky at sunset are the chromatic shades that dominate Ariston collection, **a tribute to the timeless beauty of the Amalfi Coast.**
